FROM THE EDITOR'S INK.....

Sometimes, changes in your life happen slowly and over time, and sometimes they strike your life like lightning -- and create a dramatic change on the landscape. But all types of change are driven by you, so keep that in mind today if you're bored with the way things are going. You can bring about real change by being yourself -- proud and loud. When you walk into a room, make your presence known to everyone, either by words, deeds or appearance. Make a big splash and you'll make some waves...

WISH YOU HAPPY READING!
